

## AP Biology Summer Assignments 2010

**Assignments: Due at the first class meeting! If you need ANYTHING just email me at [tproseus@cape.k12.de.us](mailto:tproseus@cape.k12.de.us)**

1. **Reading Selection Summer Book Report (handout packet):** Your Inner Fish, by Neil Shubin (purchase book and complete the report outlined in your handout)
2. **Text Book Assignments:** Chapter Guides for Chapters 1,2,3,4 in Biology by Neil Campbell. (Complete the chapter guides provided and the end of Chapter Quizzes)
3. **Take Home Lab (handout packet):** AP Biology Summer Take-Home Lab, "Relationships between linear dimensions of native leaves". (Collect, present and interpret data using format provided in your handout)

**Handouts you should have in your packet:** Summer Book Report hangout, Take Home Leaf Lab instructions, Chapter Guides for Chs. 1-4, "Mean-Median-Mode" handout, "Constructing a Data Table" handout.

If you did not get your summer materials and your assigned textbook at the organizational meeting please email Dr. Proseus at [tproseus@cape.k12.de.us](mailto:tproseus@cape.k12.de.us). Unless you are a student who transfers into the district during the summer, you CANNOT be excused from the summer assignment, and you cannot take the class in the fall if you do not complete the summer assignments.
